

ALCOHOL POLICY

The consumption of alcoholic beverages is not permitted in Riverfront Park unless the sponsor of “private special use activity” requests and is granted a temporary license through the Washington State Liquor Control Board and a special use permit is approved by Riverfront Park management. If a public special use includes plans for a “beverage garden” serving alcohol, permission must be granted by the Park Board.

Special conditions in which the sponsor must adhere to in order to allow alcohol use:

- 1) Arrangements must be made to contract with Park Security to be assigned to the activity during the duration of the event. The number of security personnel for each event will be determined by park management based on number attending.
- 2) All areas where alcohol is being consumed must be enclosed by walls or fencing.
- 3) No minors allowed within the alcohol use designated area.
- 4) All attendees consuming alcohol must remain in designated secured areas.

Non-compliance of any of the above conditions or associated conditions required by the WSLB will be cause for immediate permit revocation and closure of the function.
